Window Cleaning

The Board has hired Clean Break Home Services to wash the windows in the coop. The cost will be covered by the coop.

The work will be done over 3-4 days as follows:

- | | |
|-----------------------|-------------------------------|
| July 26 th | Units 8 to 55 and 56-61 |
| July 27 | Units 2 to 7; 24-31 and 88-95 |
| July 28 | Units 62 to 87 |
| July 29 | Touch ups and missed areas |

Please be advised that their crew will be on site and performing work. Please remove your window screens and keep your windows closed for the duration of the work to avoid getting water inside any units. Townhouse units need to leave their gates unlocked. Please ensure patios and all areas are cleared.

Please stay clear of any coned-off work areas and make sure no vehicles or personal objects are left in the area surrounding the building to allow easy ladder and equipment set up.

Window cleaning services are to be performed between 9 am – 5 pm. The timeline is subject to change based on weather delays and production needs.

If you have any concerns, please contact the coop office at granvillegardens@newlifemgt.com or 604 272-5158.
